"The proliferation of designated terrorist groups in majority-Muslim countries has greatly affected civilian populations.

Humanitarian workers and - assets have been targeted by terrorist groups through the use of violent methods. This study addresses the state of observable perceptions towards humanitarian organisations and workers among local populations. It concludes by proposing the 'humanitarian cube', which is a dynamic new tool for strengthening understanding and actions in response to local perceptions. - "

Thamil Venthan Ananthavinayagan holds an LL. from Maastricht University, The Netherlands and has submitted his PhD with the National University of Ireland, Galway. M. He is currently a lecturer for international law, international humanitarian law, and international criminal law at Griffith College, Dublin.
